

## **AirCrewConnect**

### **The private, Canada-focused aviation crew marketplace.**

AirCrewConnect connects aviation operators with qualified Canadian aviation professionals while giving crew full control over their privacy, visibility, and career opportunities. It was built to solve a simple problem: hiring and job searching in aviation should not put careers or reputations at risk.

#### **Who Its For**

- **Aircrew: Pilots, ACPs, Flight Attendants, and AMEs. Professionals who want access to contract opportunities without recruiters broadcasting their name or intentions.**
- **Operators: Corporate, charter, medevac, and specialty operators looking for qualified Canadian crew in one centralized place.**

#### **Why Aircrew Use AirCrewConnect**

Crew profiles remain private by default. Names and identifying details are hidden until the crew member chooses to allow an operator to see them. This allows aircrew to explore opportunities discreetly, without awkward conversations, cold calls, or risk to their current role.

Aircrew control their availability, decide when they are open to conversations, and can quietly assess the market on their own terms.

#### **Why Operators Use AirCrewConnect**

Operators gain access to a pool of qualified Canadian aviation professionals without wasting time on unresponsive outreach. Because crew opt in before names are revealed, conversations start with genuine interest on both sides.

This results in faster, more respectful contract hiring and better long-term relationships.

#### **Limited Time Promotion**

**For a limited time, new users can get an annual membership free using promo code FREE365. The promotion runs until March 31.**

100 Percent Risk Free

Cancel anytime. No contracts. No pressure. Create a profile, stay private, and see how AirCrewConnect works before committing.
